

LEARN SOME FACTS *About Vaccines*

Here are some interesting *FACTS* to increase your awareness:

FACT: Autism began by affecting 1 in 10,000 it now affects 1 in 166 - a direct correlation to the rise in vaccines added to the schedule, most of which contained mercury.

FACT: The only cases of Polio in this country today are caused by the vaccine itself.

FACT: Vaccines contain mercury, formaldehyde, aluminum, fetal rhesus monkey lung and kidney cells, chick embryo, and antifreeze.

FACT: The rise in autism, ADD, ADHD, diabetes, cancer and a whole spectrum of disorders rose dramatically in at the same rate and time as did multiple vaccines added to the schedule.

FACT: In the 90's the vaccine market had 14% annual growth while drug sales had 8%. The global vaccine market reached 6.5 billion and was expected to top 10 billion by 2010.

Some of the resources to support these *FACTS* are listed below:

Eli Lilly produces Stattera- a treatment for ADHD, disorder said to be caused by vaccines.
